

I listen to K-LOVE radio on FM 106.7. I understand there is a possibility of losing K-LOVE to other LPFM stations. K-LOVE is an extremely positive station that is a wonderful alternative to most radio stations today. K-LOVE is commercial free and family friendly. I appreciate that so much and am glad we have a station that offers such encouragement. I would hate to lose K-LOVE, period, regardless of the type of programming taking its place. Thank you for the opportunity to express my opinion.
